

"The South West's Premier Mobile Disco"

“ TNT Disco helped to put the finishing touch to our wedding day. They were extremely professional and efficient and provided excellent entertainment. It was refreshing to find a disco company that allowed us an input into the playlist before the event so that we could incorporate our own favourites and our guests requests into the evening. Lots of people let us know how much they had enjoyed the disco and the fact that the dancefloor was packed all evening was testament to this. Thank you for helping to make our day so special. ”

Mr & Mrs Warwick (12th August 2006)

CONGRATULATIONS ON YOUR ENGAGEMENT

Congratulations - May we take this opportunity to be one of the first to congratulate you on your forthcoming marriage. Thank you for your interest in TNT Disco. We are delighted that you are considering to use one of the South West's Premier Mobile Disco's. This booklet has been specially designed to give you all the information you need about the wedding services TNT Disco offer.

Professional service - TNT Disco offers you the highest standard of professional & personal service. Your wedding is a personal and special time that requires professional, friendly and attentive staff who do everything they can to advise you on your big event. TNT Disco will endeavour to liaise with you to make sure your evening will run smoothly; from the first dance to the big finish, so you can relax with the reassurance that everything will run smoothly.

You're in safe hands - With so many discos to choose from, you will want to know that your evening entertainment is in the hands of the best. TNT Disco guarantees you reliability and for your complete peace of mind, all our equipment is P.A.T. tested. All staff over the age of 18 have been checked through Disclosure UK & The Criminal Records Bureau (CRB), this is the governments screening unit for people that work with children and vulnerable adults. This is the new Enhanced Disclosure which is the highly rigorous in-depth checks that Teachers have to go through.

Relax, its your wedding - You and your guests will be ready to relax and enjoy a wonderful party atmosphere, some great music, and a superb lightshow. As the party continues, the volume and tempo will gradually build up to encourage everyone onto the dance floor. Intervals can be provided for a buffet, cutting of the cake, throwing the bouquet or a last minute speech. When the evening draws to a close, we slow the tempo if you wish and dim the lights for your last chance for a slow dance.

Something for the kids - We also realise that weddings tend to have a larger age range of attendees and when required we can run a 'mini' children's disco while the adults mingle ensuring the children are entertained with party games, sweets and prizes.

All tastes catered for - Every wedding venue is different, and so are the guests. We believe we can provide you with the best individual and memorable disco for your reception. All Musical tastes are catered for, from the 60's to present day. Pop, Club, Dance and Chart Music. Classic Cheesy Party, Rock Anthems and R'n'B.

Personal service - Site visits ensure that there are no surprises when we arrive and allow the customer and venue to plan our set-up as required. Some customers like to arrange to be present at site visits or like to arrange additional meetings with us to discuss their plans in person to ensure the function goes smoothly and to plan.

Your in control - We are one of the only disco's in the area that lets you actually interact with the disco. Once booked you will be sent a link to your client area which will allow you to access a number of planning tools to help you plan your Wedding. We also have full online payment facilities allowing you to pay for your function in instalments if you wish. The client area also allows access to our music library where you can choose which songs you want to be played or not played at your function. You can also send your guests a link to a special guest login on your account where they can choose songs too. You are fully in control of your event!

Your disco, your music - We try where possible to ensure that the Bride & Grooms record of choice is available for their first/last dance. Also if a play list is provided by the client then we will endeavour to have the songs on the list available. If songs are not in the current media library every effort will be made to obtain these songs as a specific extra for the client. We have a selection of over 25,000 tracks to choose from - and we usually have these on the night as well to allow for last minute requests.

Experience counts - TNT Disco was founded in 1980 by Nick Turner. The company started advertising in the entertainment market in 1990 and the disco has just got bigger and better.

TNT DISCO WEDDING PACKAGE

Our Wedding Package is individually priced but starts from £300 for a function up to 6 hours duration. The package is designed to allow 2 hours of background music for your meal, buffet or evening break followed by a 4 hour disco, but the timings can be adjusted to suit your requirements.

Bookings can be made by phone, via email or online. We require a non refundable deposit of 40% to secure your booking; the remainder can be paid anytime up until the event. Certain dates and venues may incur additional surcharges .
